

## The Program

The Project Solutions Driver Intervention Program is a three day educational experience that serves as an alternative to jail for those individuals convicted of Operating a Motor Vehicle While Under the Influence of Alcohol and/or Drugs.

This three day program focuses largely on chemical dependency education, giving each participant the tools to prevent continued alcohol and drug related consequences. Program participants will receive an individual evaluation and will also take part in a small group experience. In the event that a participant demonstrates symptoms that may indicate a more serious problem with alcohol and/or drugs, an appropriate referral will be issued.

## Discover the Difference

At Project Solutions, every person is treated with respect. The Project Solutions staff members are experienced, caring individuals. Our agency is customer-friendly, providing a service to both the referring court and the client. Project Solutions maintains an impeccable working relationship with the local court systems and will provide the referring Judge with an accurate and prompt notification of your program participation.

Project Solutions operates the Driver Intervention Program from two convenient, locations; one in Downtown Massillon and one in Canton, near Belden Village. Both locations offer comfortable accommodations.
